

# Get a head start on fall: Invite your legislator to **BACK TO SCHOOL NIGHT!**

## **Why? It's important!**

You are the expert they need to hear from on the importance of early childhood education.

They love being out and about—and feeling part of the lives of young children—and when they see ECE in real life, it's easier for them to fight for increased funding.

It's a great opportunity to get some publicity for your program.

Once you have built the relationship, it's easier to call on them when action is needed.

You are already planning an event, so it's a perfect time to just fold them in.

## **How? It's simple!**

For contact information, go to [www.legis.state.pa.us](http://www.legis.state.pa.us), click under "Find My Legislator" on "Your Address" or just [click here](#).

Call the office and ask if the legislator can come to your fall event.

Remember that they are all just people like you!
