I am part of an amazing, BIG school family!
My Friends are a part of my School Family.

Right now, some of my School Family is with me at School and we...

play

eat

and take naps together, just like always.

We read stories,
sing our hand-washing song,
paint and draw pictures,
and learn about taking our temperatures.
Everyone gets extra space at school right now. We can play and dance and paint and pretend. We can smile and wave and sing and laugh.
And right now, some of my School Family is at home with their Home Families.

Our School Family and our Home Families can all keep us safe and help us play, eat healthy food, and rest our bodies.

It is a happy thought to remember that whenever we are apart, we can Wish Each Other Well...
