

Your Vote Can Make a Difference!

Voting is a right that many have fought for throughout history and that millions of people throughout the world still do not enjoy.

Why Should I Vote?

- o *Does what happens in the government really affect me?*
- o *Does it make a difference?*
- o *Does anyone care?*

- **Vote because you care** -- about yourself, your family and your neighbors.
- **Vote because** the leaders you help to elect will make economic policies that affect your livelihood and the well-being of your community.
- **Vote because** it's your right.
- **Vote because** you have a voice and your voice matters.

Don't plan to vote? **THINK AGAIN!**

In December, 2017, a tied Virginia state legislative contest was decided by **A COIN TOSS.**

BY **ONE VOTE** in 1920 women won the right to vote when Tennessee became the 36th state to ratify the 19th amendment--because one Tennessee legislator, 24-year old Harry Burn, changed his vote at the insistence of his elderly mother.

BY **ONE VOTE** in 1923 Adolph Hitler gained leadership of the German Nazi Party.

IF ONE MORE PERSON in ten Cook County, IL precincts had voted for Richard M. Nixon in 1960, John F. Kennedy would not have been elected president.

Exercise your right to vote – it could make the difference!
