

## Resources for Mandated Fingerprinting for Staff

**Please note:** Requirements for clearances and physicals for staff and children will be flexible upon the re-opening of physical care. Please contact your licensing representative for his/her perspective and expectations

- Here are suggestions for the fingerprinting requirement:
- **Montgomery county:** IdentoGO at 7804 Montgomery Ave. Suite 4 Elkins Park, PA 19027 is open, doing careful disinfecting, etc. Phone number for that location is 215-600-3434.
- **First Contact HR** will come out to your program to complete clearances paperwork and fingerprinting. However, until Governor Wolf lifts the stay at home order, they will not come to any agency.
